

A bin for every business

REMONDIS Australia offers a comprehensive range of lightweight, easy-to-move, lockable bins which are available in a range of sizes.

Plastic wheelie bins delivered using the Rear Lift System are suitable for customers who generate low volumes and a variety of low density, small and lightweight industrial and commercial solid waste, and who may experience collection access, space and height restrictions. The Rear Lift System is most commonly utilised by restaurants, offices, workshops and retailers.

Plastic wheelie bins REAR LIFT BINS

Features:

- Mobile bins with wheels, made from polyethylene (PE), rodent resistant, water tight and Workcover approved
- Suitable for municipal and commercial applications
