2 SERVICE AND SITE ACCESS

- 2.1 ETS agrees to provide the Services to the Customer in accordance with this Agreement at the Site, for the Term and at times agreed by the parties or as ETS reasonably requires to meet its operational requirements from time to time.
- 2.2 Subject to clause 2.3, the Customer agrees to exclusively use ETS to provide the Services during the Term.
- 2.3 If the Customer requires additional waste and recycling services that are not the Services during the Term and that the Customer has not already agreed to exclusively acquire from a third party prior to the commencement of the Term of this Agreement, the Customer will give ETS the opportunity to submit a proposal for those services before seeking proposals from another service provider. ETS must submit this proposal within 7 days of the Customer requesting such a proposal. The Customer will also provide ETS with a 'last right of refusal', being

the opportunity to meet any proposal received by any other service provider. ETS must submit any such proposal within 3 days of the Customer giving notice of the proposal of the other service provider. For clarity, nothing in this clause 2 precludes the Customer from acquiring additional services from alternative suppliers, subject to the Customer complying with this clause.

- 2.4 The parties may agree in writing to change the Services, including the timing, frequency, location, place, address, Waste Specifications or Fees. For clarity, the Customer acknowledges and agrees that:
- ETS is under no obligation to accept a request by the Customer for a change to the Services;
 - if Services are changed under this clause 2.4, they may result in increases to Fees payable by the Customer.
- 2.5 The Customer must ensure that ETS has unimpeded access at all times to the Site in order to perform the Service and warrants that all ground surfaces at the Site are suitable for providing the Services.
- 2.6 If ETS attends the Site but:
- is unable to gain safe and unimpeded access;
 - is delayed in gaining access;
 - is unable to provide the Services; or
 - refuses to collect the Contents due to the presence of Non-Compliant Contents,
- then unless ETS' inability or delay was caused by ETS' negligent act or omission, the Customer shall pay ETS a Futile Fee as specified in the Schedule for the attempted provision of the Services.
- 2.7 The parties agree that the Futile Fee reflects a genuine pre-estimate of ETS' costs of attending the Site and responding to the particular circumstances preventing the provision of the Services.
- 2.8 Nothing in clause 2.6 waives, limits or alters any other right of ETS or obligation, requirement or liability of the Customer under or in connection with this Agreement, except to the extent of the amount of the Futile Fee.
- 2.9 The Customer must consult, communicate and cooperate with ETS in providing all required information for the purpose of facilitating a pre-service Site risk assessment, in a format determined by ETS. The Customer must notify ETS in writing within 2 days, should any circumstances or conditions of any Site change.

- ensure that the Equipment is only used for the purpose for which Equipment of that kind is commonly supplied (and in particular is not used for domestic and household waste of any kind) and in accordance with any instructions given by ETS;
 - ensure the safekeeping of the Equipment, the cleanliness of the Equipment and that the Equipment is not damaged, defaced or has any identifying marks removed from the Equipment and must notify ETS immediately if any Equipment becomes damaged, defective or dangerous;
 - ensure that nothing but Permitted Contents is placed in the Equipment; and
 - not claim any proprietary right to or otherwise deal with the Equipment, which at all times remains the property of ETS.
- 3.2 The Customer must ensure that the Contents of each piece of Equipment at no time exceed the Allowable Weight. If the Customer does not comply with this requirement then ETS may at its discretion either refuse to collect the Contents (in which case a Futile Fee will be charged under clause 2.6), or charge the Excess Weight Fee as specified in the Schedule.
- 3.3 The Customer agrees to promptly do anything that ETS reasonably requests (including obtaining consents, and signing and producing any documents), and to provide all assistance and information necessary, to ensure that ETS can perfect, preserve, maintain, protect, or otherwise give full effect under the *Personal Property Securities Act 2009* (Cth) (**PPSA**), to this Agreement and any security interests created by this Agreement, including registering one or more financing statements in relation to the security interests created by this Agreement. Each party waives its rights to receive any verification statement and any other notices that may be required or desirable under the PPSA to the extent permitted at law.
- 3.4 Obligations under clause 3.1 are material obligations.

4 THE CONTENTS

- 4.1 The Customer warrants that:
- the Waste Specifications are complete and accurate, including without limitation, that the Waste Specifications correctly identify the Contents according to the Waste Laws and correctly identify any Hazardous or Liquid Waste; and
 - it has and will not make available to, or require, ETS to collect, remove, handle or dispose of Non-Compliant Contents.

- 4.2 The warranties under clause 4.1 are material obligations.
- 4.3 Subject to clause 5.2, title to all Contents passes to ETS upon the loading of the Contents onto or into ETS' collection vehicle. ETS has no obligation to return part or all of the Contents to the Customer, including any Contents that may have been inadvertently presented to ETS.

5 NON-COMPLIANT CONTENTS

- 5.1 The Customer acknowledges and agrees that:
- ETS may in its absolute discretion refuse to handle any Non-Compliant Contents; and
 - if any Contents include Non-Compliant Contents and ETS refuses to collect the Contents then the Customer will be liable to pay a Futile Fee under clause 2.6.
- 5.2 Without limiting any other provision of this Agreement, if any Contents includes Non-Compliant Contents and they are loaded by ETS, the Customer agrees and acknowledges that:
- ETS collects and loads the Non-Compliant Contents as the Customer's agent and title to the Contents does not pass to ETS;
 - ETS may return, and the Customer must accept the return of, the Contents including the Non-Compliant Contents, to the Customer;
 - ETS may charge, and the Customer must pay, any reasonable additional Fees (including any Regulatory Costs, Disposal Site Costs) for the handling, removal, return or Disposal of the Non-Compliant Contents and any additional expenses, costs or losses that ETS reasonably incurs relating to the handling, removal, return or Disposal of the Non-Compliant Contents; and
 - it shall indemnify ETS in respect of any Claim arising out of or connected with ETS carrying out Services in relation to the Non-Compliance Contents, or collecting, handling, transporting or disposing of the Non-Compliant Contents.
- 5.3 Obligations under clause 5.2(c) and 5.2(d) are material obligations.

6 ACCEPTANCE OF NON-COMPLIANT CONTENTS

- 6.1 The Customer may make a written request to ETS to provide services to handle, remove or Dispose of waste products that would otherwise be Non-Compliant Contents (**Additional Contents**).
- 6.2 Any request made under clause 6.1 must include written confirmation of the waste type, composition and nature of any Additional Contents, including identification of the Additional Contents according to the Waste Laws and identification of any Hazardous or Liquid Waste.
- 6.3 ETS may accept or refuse a request made under clause 6.1 at its absolute discretion.
- 6.4 If a request made under clause 6.1 is accepted by ETS:
- the Services with respect to the Additional Contents will be subject to the terms of this Agreement;
 - the Waste Specifications for the Additional Contents will include only those materials of a waste type, composition and nature disclosed to ETS in writing when making the request under clause 6.1; and
 - the Customer must pay ETS any agreed additional fees or amounts for these additional Services in accordance with the terms of this Agreement.
- 6.5 Obligations under clause 6.4(c) are material obligations.

- 7.1 This Agreement commences on the Commencement Date for the Initial Term.
- 7.2 If the parties wish to extend the Initial Term or any Extended Term they shall do so by written agreement prior to the end of the relevant Term.

8 FEES AND GST

- 8.1 The Customer must pay ETS the Fees and must, in addition to the Fees, pay to ETS the amount of any goods and services tax (GST) in respect of any taxable

- supply under this Agreement.
- 8.2 Without limitation to any other terms of this Agreement (including terms providing for price variations or increases), the Customer agrees and acknowledges that ETS may increase Fees by giving the Customer 14 days' prior written notice in any of the following circumstances:
- (c) in July of each calendar year during the Term in line with the percentage increase in the CPI in the preceding 12-month period. The CPI shall be calculated using the last available figure for the percentage increase in the CPI over the preceding 12 month period;
 - (d) at any time to reflect increases to Disposal Site Costs;
 - (e) on a six monthly basis to reflect any Increased Market Costs and/or Decreased Recyclable Revenue (for clarity, Fee increases under this clause 8.2(c) may occur at the same time as a CPI increase under clause 8.2(a) and at each six month interval thereafter during the Term);
 - (f) at any time to reflect increases in Regulatory Costs.
- 8.3 The Customer may terminate this Agreement in respect of a notified Fee increase under clauses 8.2(b) or (c) if:

- 9.7 Obligations under clauses 9.1 and 9.3 are material obligations.

10 TERMINATION AND CONSEQUENCES

- 10.1 Without limiting any other termination rights in this Agreement, either party may terminate this Agreement by written notice to the other party if:
- (a) the other party becomes subject to any form of insolvency administration or any court action is commenced or resolution proposed or passed to place the other party under an insolvency administration; or
 - (b) the other party breaches any of its material obligations under this Agreement and, if that breach is capable of remedy, fails to remedy that breach within 7 days' written notice to do so; or
 - (c) the other party breaches any of its material obligations under this Agreement and that breach is incapable of remedy.
- 10.2 If either party terminates this Agreement, the Customer must pay to ETS within 14 days of the date of any notice or invoice or both any outstanding Fees payable by the Customer under the terms of this Agreement.
- 10.3 Where ETS has terminated this Agreement in accordance with the terms of this Agreement, the Customer must also pay to ETS:
- (a) the amount of any damage or loss, that will be or has been suffered by ETS as a result of the Customer's breach of this Agreement; and

- (a) terminates this Agreement without a contractual or legal right to do so; or

- (a) if the Services include any segregation, packaging or labelling of the Contents as required under the Waste Laws, ETS carries out those Services as agent for, and at the direction of, the Customer; and
 - (b) ETS or any its personnel (including drivers) may refuse to perform Services related to or connected with the collection of any material (including Permitted Contents or Non-Compliant Contents) under this Agreement if the performance of such Services would cause (directly or indirectly) ETS or its personnel to breach any CoR Law or Waste Law (in which case a Futile Fee will be charged under clause 2.6).
- 14.3 Where the Permitted Contents are supplied in accordance with any relevant guidelines, orders and exemptions issued by the NSW Environmental Protection Authority (or equivalent) or under any Waste Laws (including any relevant Resource Recovery Order and Resource Recovery Exemption issued under the *Protection of the Environment Operations (Waste) Regulation 2014* (NSW) (or equivalent Waste Law)), the parties warrant and agree to comply with such guidelines, orders and exemptions in relation to the Permitted Contents, including any directions, conditions and record keeping requirements.

16 CARBON CREDITS

- 16.1 The rights to and interests in any actual or potential Carbon Credits, if any,

arising from any Services or the carrying out of any obligation pursuant to any agreement will, as between the Customer and ETS, vest in ETS, and the Customer will have no legal right to those Carbon Credits.

- 16.2 If part or all the Services under this Agreement contribute to an eligible offset project (as defined in the Carbon Farming Act) in respect of which ETS is the project proponent (including but not limited to the 'Emissions Reduction Fund'), then the rights to any Carbon Credits generated under the eligible offset project, Carbon Farming Act or other Carbon Scheme vest with ETS, and not with the Customer.
- 16.3 Without limiting clause 16.1 and 16.2, where there is an eligible offset project established or proposed, the Customer agrees to provide all reasonable assistance to ETS to ensure any declaration of the eligible offsets project is not revoked. In particular, the Customer must:
- (a) ensure that they appropriately separate their Waste into the intended bins provided by ETS; and
 - (b) comply with any written notice from ETS requesting information in relation to the Services, to enable ETS to comply with its statutory obligations under the Carbon Farming Act (including to enable ETS to give a written report under s76 of that act) and maintain the eligible offset project's declaration, within the timeframe specified in that notice.
- 16.4 Nothing in this Agreement will be construed so as to prevent ETS from dealing with Carbon Credits as it sees fit (including trading them on ETS' behalf with any person).
- 16.5 ETS may at any time, trade or otherwise deal with Carbon Credits on its own behalf.
- 16.6 This clause 16 survives termination.
- 16.7 For the purpose of this clause 16, the following definitions apply:
- Carbon credit** means an 'Australian carbon credit unit' under the Carbon farming Act or any other benefit or valuable right or entitlement (including credit, cost abatement, offset or income) under any other Carbon Scheme.
- Carbon Credit Contract** means a 'carbon abatement contract' under the Carbon Farming Act or any other contract which ETS agrees to transfer a carbon credit to a person other than the Customer
- Carbon Farming Act** means the *Carbon Credits (Carbon Farming Initiative) Act 2011 (Cth)*.
- Carbon Scheme** means any scheme, policy, legislation or arrangement under which an incentive is given to a person in the form of a Carbon Credit to promote the reduction of emissions of carbon or carbon equivalent substances or the containment of carbon or carbon equivalent substances.
