

Waste management and resource recovery services

Our Resource Recovery Facility at Tomago provides waste management and resource recovery services to the Newcastle, Hunter and Central Coast Regions of NSW. The four-hectare facility hosts a fleet of MDG-compliant, specialised waste logistics vehicles, a purpose-built processing facility with extensive resource recovery capabilities, including cardboard and plastic baling, and a product destruction plant.

Multiple waste types collected

Range of bin sizes to suit your premises

Choose your collection days and frequency

REMONDIS®

WORKING FOR THE FUTURE

About REMONDIS Australia

Established locally in 1982, REMONDIS Australia is part of one of the largest recycling, service and water companies in the world.

As a family-run company and a leader in the delivery of environmental solutions, REMONDIS Australia has over 1,100 employees and 560 vehicles operating from our advanced facilities across Australia.

As one of Australia's leading recycling and waste management companies, we leverage our local knowledge and global expertise to serve more than 24,000 industrial and commercial customers throughout the country.

By sharing our knowledge and expertise, diverting waste from landfills and supporting responsible waste management practices, we believe we can work together to bring the vision of a sustainable Australia closer to reality.

Let's take the waste out of your business

remondis-australia.com.au

Bin sizes

Because no one size fits all, we offer a comprehensive range of lightweight, easy-to-move, lockable bins of varying capacity.

We can help you select size and collection frequency based on your waste types, storage space and vehicle access. For larger volumes, we can supply compactors from 6 to 30 cubic metres.

Plastic wheelie bins

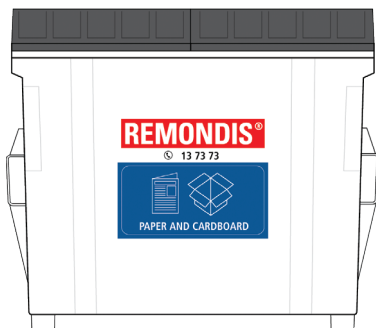

240 litres

660 litres to 1100 litres

Steel bins

1.5m³ 3.0m³ 4.5m³
